BAY ST. LOUIS, MISS., FRIDAY, JULY 28, 1944

VOL. 53 — No. 30

L. P. SWEATT ELECTED PRESIDENT AND GEN'L MANAGER OF MISS. POWER CO.

L. P. Sweatt, who since 1930 has been vice president and general manager of the Mississippi Power Company, was elected president and general manager at a meeting of the company's Board of Directors held in Gulfport late yesterday and following adoption of resolutions of sympathy addressed by the Board to the family of B. E. Eaton, late president and general manager, who served as president for two decades and whom Mr. Sweatt succeeds in this capacity.

L. P. SWEATT

Mr. Sweatt was born at Montgomery, Alabama, son of Mr. and Mrs. L. P. Sweatt, Sr., and his mother and one sister now live in Birmingham. Another sister resides in Chattanooga, Tennessee. He received his elementary education in Montgomery and at Birmingham. In 1915 he graduated from Alabama Polytechnic Institute with a B. S. Degree in Electrical Engineering.

During his high school and college training he did part-time and summer work in connection with railway and college electric systems.

Following graduation he immediately entered the employ of Alabama Power Company on substation construction and maintenance and was progressively advanced through various phases of electric utility operation. In 1924, he was serving as division manager of that company's operations in the Montgomery area.

In November 1924 he was appointed general manager of Mississippi Power Company by Mr. Eaton, then newly elected president of that company which was preparing to start initial operations on the Mississippi Gulf Coast.

Mr. Sweatt moved to Gulfport, where he lives today with his wife and daughter, and has continued as general manager of the company's expanded operations until the present time. He was elected to the vice presidency of the company and as a director in 1930.

A resident of Mississippi for 20 years, Mr. Sweatt has participated in many phases of the state's development and has been particularly active in its industrial growth. He is intimately familiar with the state's economic life and has played a large part in its improvement.

Under his management the construction of the extensive electric transmission system now serving eastern Mississippi was pioneered and the first commercial hydro electric power to be made available in Mississippi in the history of the state was delivered over these facilities in August 1925.

He has been a member and director of the Gulfport Chamber of Commerce for many years, is a member of various other business organizations, is a Rotarian, is a Methodist, and early this month was appointed by Governor Bailey to a four year term on the state's Agricultural and Industrial Board.

In the course of his utility career he has experienced every phase of utility operation, starting as a helper and having advanced to his present position of responsibility thru positions which in turn have been closely related to many types of industrial, civic, and agricultural problems and development.

ENTERTAIN AT BUFFET SUPPER

Mr. and Mrs. Eugene Mogabgab entertained more than thirty of their friends on Tuesday evening at a buffet supper at a home at the beach on the occasion of Mr. Mogabgab's birthday.

Supper was served on the attractive and cool rear porch of the Mogabgab home and then the guests repaired to the dining room where candles were on the cake and "Happy Birthday" was sung to Mr. Mogabgab.

Lieutenant and Mrs. Harry S. Hardin were hosts on Sunday at a small dinner party honoring Mrs. Hardin's father Dr. Charles Kelleher of New Orleans on the occasion of his birthday.

Besides Dr. Kelleher and Mrs. Kelleher there were present Colonel and Mrs. Frank Lawton, Charles Pendleton and Mrs. Alice Kelleher.

RETREAT FOR 116 BROTHERS STARTED JULY 26TH.

The second Retreat, conducted at St. Stanislaus this summer started on July 26 and will end the morning of August 2nd. One hundred sixteen Brothers of the Order of the Sacred Heart will make this Retreat under the supervision of Retreat Master, Rev. Jos. Buckley, S. J., of Jesuit High School of Dallas, Texas.

All appointments for the coming year will be made on August second.

MRS. ALICE BUCKLEY AND MR. PAUL BAKER, MARRIED

Mrs. Alice Buckley of Bay St. Louis and New Orleans and Paul Baker of Baltimore, Maryland, were married on Tuesday, July 18 at the First Methodist church, the Rev. C. C. Clark, officiating.

The wedding was very quiet and came as a surprise to Mrs. Buckley's many friends here.

She is the daughter of Mrs. C. B. Crisler and the late Mr. Crisler of Jackson and by her first marriage was the wife of the late Dr. Charles Buckley who was a resident physician here for a number of years. She is very active in church and civic life and is a general favorite with all who know her.

They left for an extended automobile trip and will later be located in Baltimore for several months.

The Echo is joining her host of friends in wishing for Mr. and Mrs. Baker many years of happiness together.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. A. E. Marshall announce the engagement of their daughter Miss Alice Joyce Marshall to Mr. Charles Robert Sadlack of Chicago, Ill., the wedding to be celebrated late in August.

Miss Marshall finished high school at Bay High and graduated from the Touro School of Nursing. She is at present employed in the La. Health Department as parish nurse and located at Norco, La., where Mr. Sadlack is employed as a chemist for the Shell Oil Co.

Recently his mother flew down from Chicago to meet Miss Marshall and shall return for the wedding.

ENJOY FIFTEEN DAY FURLOUGH

Pfc. and Mrs. Robert Randolph of San Diego, California have been enjoying a fifteen day furlough with the former's parents Mr. and Mrs. Harold Randolph and his sister Mrs. Charles R. Saucier, Jr., at their home 610 Hancock Street.

Pfc. Randolph recently finished a year in the Marine Corps. He was formerly stationed in Norman, Oklahoma, where he received his year's training and graduated from Aviation Metal-Smith School. He was then sent to Camp Miramar where he expanded operations until the present time. He was elected to the vice presidency of the company and as a director in 1930.

A resident of Mississippi for 20 years, Mr. Sweatt has participated in many phases of the state's development and has been particularly active in its industrial growth. He is intimately familiar with the state's economic life and has played a large part in its improvement.

Letter From United States Marine On Saipan Island

S/Sgt. EDGAR PERRE

The editor of this paper is in receipt of the following letter from S/Sgt. Edgar Perre, son of Mr. and Mrs. Emile Perre of Bay St. Louis, with the Marines on Saipan Island:

"Dear Red:
I am taking five minutes to drop you a few lines.

I never thought years back that a hole in the ground would be my friend someday. Well, one's best friend here is his fox hole. I have a nice deep one. Jap planes pay us a visit just about every night.

Yesterday I received ten letters and three copies of the Echo. Before you know it, I will be reading the home paper in Tokyo.

The Fourth Marine Div. is some outfit and I am proud to be in it. My company had lots of luck—came out on top.

Yesterday was my birthday, and I can thank God that I am O. K. I will wait to celebrate when I get back to the States.

Give my regards to all.
I remain,

S/Sgt. E. Perre."

It is letters like this that bring home to us the seriousness of the conflict in which we are involved and the kind of "stuff" our boys are made of. Our hearts are with each and every one of them in their trials, and may the day be not far distant when they can return to us in a peaceful world.

Leaves After Spending 10 Days Here

Lieutenant Ruth Francis, after a ten day leave spent here and in New Orleans left last week for Courtland, Alabama, where she assumes the duties of Postal Officer at the Army Air Field there.

Lt. Francis who has held the position of secretary to the postmaster in New Orleans for several years enlisted in the service as a WAC in January, 1943. She took her basic training in the OCS at Des Moines, Iowa and was commissioned as second lieutenant on May 10 and sent to Daytona Beach as assistant Postal Officer.

She was later transferred to the Third Air Force at Northern Field as Postal Officer. There she was the only WAC on the field, had her own quarters and her own way naturally. Her commission as First Lieutenant came in January 1944 and her transfer to Courtland Field as Postal Officer.

"I shall miss being the only woman on the field," Lt. Francis said, "for I was the pet and was certainly treated royally but now I shall have to share my honors with others."

Lt. Francis served as Yeoman, 1st class in World War I and wears a Victory ribbon. She was in the Naval Intelligence unit of the government.

She feels deeply the need of women in the service and cannot understand why so many young women are in civilian clothes. She is patriotic to the core and left a most lucrative position to enter the service. She takes credit to herself any more than doing duty as she sees it.

She is the former Miss Ruth Beyer and is a graduate of Bay High, and is a member of a patriotic family. Her two brothers—Flood and Charles Beyer are both Navy Commanders with the Pacific Fleet and Commander Flood Beyer's son is in the Navy Supply Office at Gulfport.

The Beyer family are former residents of Bay St. Louis and the town always happy to hear good tidings from its former boys and girls.

Lt. Francis is a cousin of Miss Alberta Beyer and is the daughter of the late Mr. and Mrs. Ned Beyer.

Receive 25 Hand Auxiliary Fire Pump Extinguishers

Mrs. George R. Rea, county director of OGD, and H. Grady Perkins, city commissioner, public utilities and OGD local property officer, have received through the Mississippi State War Council, 25 hand auxiliary fire pump extinguishers, 15 for Bay St. Louis and 10 for Waveland.

PLANS COMPLETED FOR FUNDS TO FINISH LOCAL CATHOLIC CHURCH

"Sometime back we mentioned that Very Reverend Andrew J. Gmelch, Pastor of Our Lady of the Gulf Church contemplated many improvements for the church. When Father Gmelch came to Bay St. Louis in 1918, the church at that time was a mere shell only the plain brick walls and the roof constituted the building. Since that time the interior of the church has been finished.

There is much yet to be done if the original plans of the church are to be followed. The towers are to be completed. Much of the exterior work is yet to be done. The inside of the church has to be redecorated. The dome of the sanctuary has to be reconstructed. The floors of the sanctuary and the aisles have to be tiled. The vestibule and confessionals have to be rearranged. New marble altars and communion rail installed, and a pipe organ purchased.

In all, it will take many thousands of dollars to complete this great edifice which is a credit to the Catholics of Bay St. Louis and to the community even in its present state, and once completed, it may be looked upon with justifiable pride.

Some few weeks ago, Father Gmelch called together a group of the men of Bay St. Louis and a general meeting was held. From this group an executive committee was selected to formulate plans for the raising of the necessary money to pay off a small outstanding indebtedness and to complete the church and make the necessary improvements therein.

The official records of the parish show that the first mass was celebrated in the city of Bay St. Louis on August 15, 1847 by the Reverend Stanislaus Buteux, who was pastor here a number of years.

It is the plan of Father Gmelch to have a centennial celebration on August 15, 1947 commemorating the 100th anniversary of the celebration of the first mass. For the church to be consecrated, it is necessary that it be completed and be debt free.

Whenever called upon for a good and just cause, the people of Bay St. Louis have always responded and we feel certain that each and every one will give as much or more than they are asked.

Plans for the drive are nearing completion and within a few days the committee will be active calling on the people for their donations. We should feel that it is an honor to be asked to contribute something for God's work, and we should always remember whatever is given to enhance the work of God comes back many fold.

American + Red Cross

Mrs. A. W. Moore, chairman of Knitting wishes to report to the many ladies who knitted the Navy scarfs, that she is in receipt of a very nice letter of thanks from Walter B. Curtis, Field Director of the United States Navy Yards, at Brooklyn, N. Y. Mr. Curtis conveyed the thanks not only from himself and his organization, but also from the many service men to whom these scarfs were given.

Mrs. Leo Seal and Mrs. Briscoe Goldman represented Hancock County at a recent meeting of the Field and Hospital Council at Gulfport. Field. Mrs. Seal reports that a request for 1000 coat hangers was made by the council. Any one who may have some of the coat hangers to give, kindly contact either Mrs. Seal at 164, or Mrs. Goldman, 245.

The Chairman of the Surgical Dressings advises that the new quota of Sterile Dressings has arrived. These are the 4x4 bandages, and the Unit is looking forward to a wholehearted response of workers, so that this coming quota may be produced and shipped on time. Remember, Ladies, this is very important work, please devote as much of your time as you can spare to it. The rooms are open daily from Monday through Friday, in the Masonic Temple Bldg.

The Mobile Unit of the American Red Cross Blood Donor Service will return to Bay St. Louis on August 21st. The battles on all fronts are being bitterly fought. More blood is being shed than ever before. This blood must be replaced. We can do this by volunteering one pint of our blood to this cause. Remember to plan your day for the 21st of August for a fighting man. Contacts for donations may be made through the office of the local Red Cross.

IN AIR FORCE

CORPL. FRANCIS T. FAVRE

Corporal Francis T. Favre, son of Mr. and Mrs. Cameron Favre, of Bay St. Louis is attached to the Army Air Force stationed at Greensboro, N. C. He is married to the former Miss Marion Givens.

GASOLINE: A-12 coupons now valid, expire September 21.

Small southern pine lumber sawmills which customarily make special cuttings of railroad material, cross-arms and paving block stock, may apply for special prices on such cuttings, the Office of Price Administration has announced.

Beginning on July 18, the OPA regional office in Atlanta will review applications for the "special cutting" prices and will give permission only to those applicants who have made a regular practice of cutting specially for railway material and other similar dense cuttings.

Applications may be submitted to the Jackson district office, which will forward them to the regional office for action.

OPA today reminded buyers and sellers of used cars that certificates of transfer, filled in by both buyer and seller, must be turned in by the purchaser to his local war price and rationing board on or before the date he applies for the gasoline ration for his new car.

Correct information about the year, model and body type must appear on the certificate which the local board will audit.

Under amendments to the used car price regulation, the provision which states that only dealers may sell at warranty prices, now also states that sales between dealers may not be made at warranty prices.

This will guarantee that used cars available for resale cannot legally be offered for sale to them at prices above the "as is" levels established by the regulation. Dealers will always have an opportunity to buy at prices permitting resales at a profit, OPA said.

Dollars and cents' ceiling prices for the 1944 crop of sweet potatoes at levels which will result in reductions from retail prices for the 1943 crop have been established by OPA. F. O. B. country shipper prices have been established at \$3.15 per bushel in Mississippi for the months of July and August. Prices will be readjusted from time to time in accordance with traditional trade practices based on the supply.

The highest retail price for potatoes in Mississippi should not exceed 11 cents per pound.

Retreat of St. Margaret's Daughters

The second and final retreat of the season, sponsored by St. Margaret's daughters, will be held Friday, Saturday and Sunday, at the Blenk Memorial Home here. Rev. Joseph A. Bogue, S. J., Professor of ethics at Spring Hill College, will be retreat master. Mrs. N. A. Danna will be chairman of hostesses.

Reservations must be made thru the secretary, Miss Helen Daniels, by Wednesday at the organization's office.

BUS LINE TO FILL LONG NEEDED SERVICE

Elsewhere in this issue of the Echo will be found a schedule of the Bay St. Louis Bus Line. This service has just been inaugurated and will probably be a help to the people living in Waveland and Bay St. Louis who have to travel to and from Bay St. Louis and other points on the coast.

The bus is scheduled to make four trips daily to Henderson Point, where connections can be made with the City Bus Lines at this point.

Bus service in Bay St. Louis has been a long felt want and in order to lend an effort to enable many of the naval officers to continue to reside in Bay St. Louis when the Government discontinued the transportation of these officers, efforts were immediately made to secure the bus service. Very promptly a franchise was applied for and the bus line started. The services of a school bus were secured for temporary use.

At this writing the use of the bus is increasing daily. It may be that a time the service will be enlarged so that other parts of the community may be served.

LACK \$16,300.00 TO COMPLETE "E" WAR BOND QUOTA

Reports on the Fifth War Loan Drive as reported by the Federal Reserve Bank on "E" Bond sales in Hancock County show that as of July 20th a total of \$108,700.00 of "E" Bonds have been sold. This is 86.9 per cent of our quota. The original quota for "E" Bonds in Hancock County in this drive was \$125,000.00.

We lack only \$16,300.00 of reaching our goal. This amount must be reached by July 31st as this is the closing date of the drive or the last day for the county to receive credit for the sale of "E" Bonds during the Fifth War Loan Drive.

It certainly is not an impossibility to sell this amount of bonds. It will be disappointing to see the county lack a small amount to reach its quota.

The over all quota has been subscribed. The only part of the drive that was lagging in is the sale of the "E" Bonds.

If every person in the County who has an earning capacity would subscribe to a \$25.00 Bond between now and Monday night, July 31, this amount would be subscribed and Hancock County would again have gone over the top in the war effort.

We certainly hope that every person who is able to buy a bond will do so. Those who can buy bonds of larger denomination should do so. They are helping the war effort, setting aside a little for a rainy day and making a good investment.

Howard W. LeTissier Re-Elected President Of Miss. Coast Hotel Assn.

At the regular meeting, July 12th held at the New Biloxi Hotel, Biloxi, Miss., the Mississippi Coast Hotel Association, Inc., re-elected H. W. LeTissier, Hotel Reed, Bay St. Louis, president. To fill a vacancy, Tad Martin of the New Biloxi was elected Vice President and Frank Fagan, of the Hotel Markham, Gulfport, was re-elected Secretary and Treasurer.

During the past year, this association, which has been in existence for twenty years, was incorporated and granted a charter by the Secretary of State.

Enters Service

Willys Rhodes, son of Mr. and Mrs. Joseph Rhodes, entered the service on July 10 and is stationed at Camp Peary, Virginia.

Mr. Rhodes is 23 years of age, is a graduate of Bay High in the class of '38 and was married to Miss Grace Garriga in 1938. They have two small children—a son and a daughter.

Finds \$400 Dollar Diamond

A recent daily paper carried the following news item from Albuquerque, New Mexico:

"Mary Ann Scholes, 11, was making mud pies. She stuck in her thumb and pulled out a plum—a \$400 diamond.

The stone was found in the backyard of the residence the Scholes family rents from State Supreme Court Justice T. J. Mabry, who lost it from her engagement ring—17 years ago.

Mary Ann Scholes is the daughter of the former Miss Lillith Ansley of this city.

PRICE CONTROL WORKING

THE effort to control prices during the war seems to be working extremely well. The National Industrial Conference Board's index, which stood at 104.2 in May, 1943, stands at 104.4. This is evidence that price stabilization has been attained.

The Alexander Hamilton Institute points out that the rise in the cost-of-living during the past year was due entirely to increases in the cost of clothing, fuel, light and miscellaneous items. Food prices, it notes, were 4.4 per cent lower than in May, 1943.

What price control means to the average American cannot be exaggerated. While every person is inclined to be persuaded that price control does nothing but limit his profits, the truth is that the regulations are preventing inflation and thus protecting the current income of all citizens.

It is very possible that price control will have to be continued several years, or longer, after the war ends. Many inflationary forces exist, including tremendous savings by consumers unable to purchase goods at this time. If this buying power gets into the market, without the presence of inflationary controls, there is no way of estimating how high prices will go.

SAIPAN A GREAT VICTORY

THE campaign on Saipan has come to a virtual end, reports Admiral Nimitz, although isolated groups of enemy troops must still be exterminated.

The capture of Saipan is a tremendous victory for American forces in the Pacific. It represents a bastion in Japanese defense structure and gives us valuable bases for operations in three directions, including Japan, China and the Philippines.

Before the war the Japanese, and most military experts, thought such a victory would be an impossibility. Ships would not dare approach land-based aircraft and, even so, the Japanese fleet was too strong for the American fleet, which would have to operate far from its base.

The record of achievement at Saipan reflects the extensive work that has preceded occupation of the island. Stretching back to the United States vast construction was necessary and, in this country, the fleet itself had to be completed.

The job has been well done, reflecting credit upon all arms engaged, the United States of America and the people at home, who have lent their hands to the tasks of war. It also serves notice upon Japan that her days are numbered.

PARENTS, SONS AND WAR

IT IS a rather pathetic story that comes from Miami, Florida, where a young man, 23 years of age, and his parents have been arrested for violating the Selective Service act.

The son hid in his room for three years, according to press reports, but says it was not his idea.

No parents delights in the ricks of war, when they involve a son. The glory of battle is vain boasting so far as bereaved parents are concerned and no victory, to them, is worth the life they love.

Nevertheless, parents, like young men, have to grow up and accept the stern realities of human existence. They have no right to prevent their sons from performing their duty or to expect a safe world for a man unwilling, when necessary, to help make it safe.

FALL VICTORY GARDENS

IT MIGHT not be amiss to remind the people of Hancock County of the importance of Victory Gardens, which, competent officials assure us, are needed to assure adequate food supplies for the people of this country.

No man can foretell the outcome of a crop year. The yield that farmers obtain depends upon a number of uncertain factors. Regardless of good prospects at the beginning of a season, adverse conditions can wreck all hopes. This applies particularly to the situation of the nation in regard to food.

LITTLE THINGS CAUSE TROUBLE

ONE of the perversities of human nature is that very often individuals, blessed with many things in common, disagree violently and unintelligently upon the merits of a relatively minor matter.

There seems to be a trait in many individuals that compels them to be fighting about something all the time. If no major issues appear, they vigorously pump up minor questions, arousing ill-feeling and promoting them into positions of seeming importance.

Much the same characteristic is evidenced in our attitude toward the institutions of mankind. Without giving proper proportion to the great and overwhelming good, many of us incline to hunt up minor irritations and in the excitement of the search, we often lose sight of the tremendous good that exists.

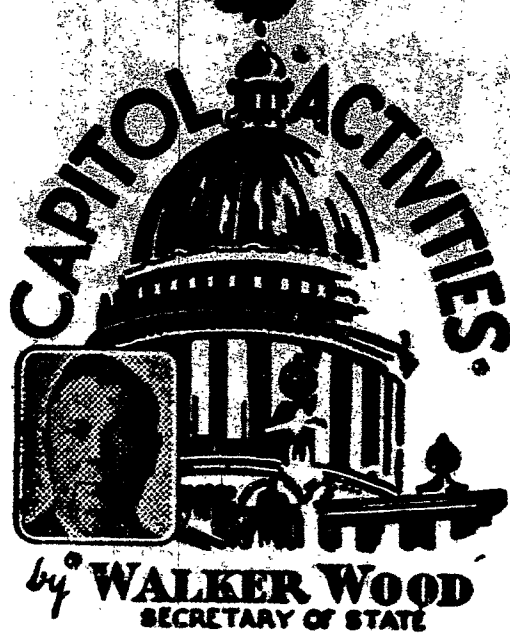

When a man speaks abusively of another there is little reason to ask him why; usually, he cannot tell, without giving himself away.

There are some people in Hancock County who will "forget" to buy that \$5 federal auto stamp unless the tax collector gets after them.

Personally, we look forward to the day when a fleet of about 5,000 heavy bombers can pay proper attention to Japanese production centers.

The American people should never fail to appreciate the risks run and the service rendered by our fighting men all over the world.

The Nazis admit that the supreme test of the war for Germany is at hand and they now realize that they are not dealing with helpless small nations.

John E. Rankin

Congressman John E. Rankin of the first district, who was first elected to congress in 1920 and has been re-elected every two years since that time, was in Jackson last week attending the meeting of the Mississippi Division of the American Legion. No other man in congress has done more for the veterans of World War No. 1, than John Rankin. In his long service in Washington Mr. Rankin has had two hobbies: World War Veterans and cheaper electricity via the T V A or any other agency that will produce results. In addition to those two worthy causes Mr. Rankin has been a strong man for the South in every relation where service could be rendered. On July 4th he was re-elected by a sweeping majority.

Mississippi Power and Light

The Mississippi Power and Light Company, with general offices in Jackson, recently issued through the president of the company, Hon. Rex I. Brown, the annual report for 1943, covering all transactions of the company in that year. The Mississippi Power and Light Company was established and built up through the constructive genius of the late Harvey Couch, and his brother, Peje Couch. They laid the foundation for a great and useful business. In recent years the executive management has been directed by Rex I. Brown and not only has he maintained the excellent Standard of the Company but has added to its volume and increased the fine service. It is shown that the payroll for 1943 was \$1,221,889 and taxes paid by the company was \$1,673,478.

Supreme Court Judge

The Executive Committee met in Jackson on July 8th and declared the result of the July 4th primary. Congressman John E. Rankin, first district, Jamie L. Whitten, second district, and Thomas G. Abernathy, "fourth district," were declared the nominees for their respective districts. In the contest for Supreme Judge in the third district, Anderson received 13,024 votes, Smith 16,973, and Venable 6,244. Judge Anderson renounced his right to go into the run-off with Smith and withdrew from the contest, whereupon Judge Venable, entitled to run after Anderson withdrew, announced that he would enter the final primary on August 29th, in the contest with Judge Smith. Homer Currie was declared the nominee for Circuit Judge in the 13th district.

Tax Commission

In the first 10 days of July the Tax Commission collected \$559,248.06 for the state, this being nearly 84 thousand dollars in excess of the amount collected in the same period last year. Since January first the amount collected is \$1,968,085.18, which is slightly more than two million in excess of the amount collected in the same time of last year. Since the Tax Commission was reorganized and set up on the present basis, May 1, 1932, that department has collected 172,991,475.14.

Municipal Elections

It should be remembered that this is the year for municipal elections in all cities and towns operating under the Code Chapter. And the date of the election as provided by law is the second Tuesday in December. Primaries, where such are held, will be before December second, of course.

The Mississippi division of the American Legion held its annual meeting in Jackson last week. The attendance was good, considering war-time conditions, and many matters of interest to the soldiers were discussed. President Dave Crawley submitted good report. One of the chief features of the meeting was the visit and stirring address by the National Commander, Warren H. Atherton, who recently returned from the battle front in the Pacific. Mr. Atherton gave a glowing account of the American soldiers and the fine service they are rendering in all branches of service. Congressman John Rankin was also present at the meeting and delivered a fine address.

Public Opinion

The University of Denver, Colorado is publishing a twice-a-month magazine known as Opinion News. A subject of vital interest will be discussed in a constructive way and then a question, or questions, will be formulated and sent out in the form of a questionnaire and people are asked to vote on it so as to get an idea of public opinion. One question recently submitted was: "Do you expect the United States to fight another war within the next fifty years?" In the United States 59 per cent of those voting said YES. "NO," 25 per cent. "It depends on the peace," Four Per Cent. "Undecided," 12 per cent. Canada voted 29 per cent YES—34 per cent NO—depends on the peace, 16 per cent, and 21 per cent undecided. Many other questions have been submitted for a vote and some of them will be used in this column from time to time.

Baking Around

It has been suggested that the legislature be convened in extraordinary session for the purpose of revising the law on truck tags that a controversy on that subject be cleared up. A news dispatch from West Point says the run-off race for Supreme Judge in the third district with only two running will cost the taxpayers \$15,000. President Roosevelt has agreed to accept the nomination and run for a fourth term. Senator Bilbo was reported sick with malarial fever last week, but he was able to announce that he is supporting Roosevelt "against the World, the Flesh and the Devil." A support price of \$56 per ton for cotton seed has been announced. Gov. Bailey has approved a million dollar contract for "free school books."

IN MEMORY

In loving memory of our dear brother, Horace Favre, died July 4, 1940.

The world may change from year to year
Our lives from day to day,
The loving memories of you, dear
Shall never fade away.
We always sit and think of you
And of the way you died,
That when you left you couldn't say
Goodbye.

The blow was hard, the shock severe,
We never thought your death so near
Only those who have lost can tell
The pain of parting without farewell.
Sadly missed by those who loved
You dearly,

BROTHER AND SISTER.

HANCOCK COUNTY DAIRY FARMERS BREAK RECORDS

In Raw Milk Production—Reach Goal in Four Months

Dairying in Hancock County is growing by leaps and bounds as is indicated by applications for Subsidy Payments in the County Agents Office, for the month of March, April, May and June. The total production of raw fluid milk reached a record figure of 2,860,000 lbs. or an average of 715,000 pounds of raw milk per month for the past four months. The total money value of this milk to the farmers of this county by actual records is \$92,160.00. Market Price of Milk plus \$13,234.80 paid in Subsidy Payments by the Commodity Credit Corporation and the A. A. A. or a grand total of \$105,394.80. This is a record that people of the entire county can be proud of, as the goals set up by the War Food Administration for this County was 2,460,000 pounds of milk for the twelve month period, this figure has been reached by more than 300,000 lbs. in four months.

The County Agricultural Agent, the Agricultural Adjustment Agency, and the Farm Security Administration have worked in close harmony with the Dairymen, the U. S. D. A. War Board and others to accomplish this record figure.

With the proposed creamery in Bay St. Louis in operation this pay roll will be brought to Bay St. Louis and Hancock County.

All Dairymen and civic minded people are urged to take stock in the creamery and by so doing, will insure a pay roll for Bay St. Louis and will insure a market for the Dairy-cens milk. Seventy-nine Dairymen in the county have purchased stock already. The closing date for wholesale dairymen has passed, but retail dairymen of Bay St. Louis and surrounding territory have a few days left.

Farmers can now secure used Army trucks by making applications at County Agents Office. Anyone wishing to purchase one of these trucks should act at once.

ORTTE THEATRE
WED.-THURSDAY
"HER PRIMITIVE MAN"Starring Louise Allbritton,
And Robert Paige

"Her Primitive Man" is a diverting comedy in which a brilliant cast, headed by Robert Paige, Louise Allbritton, Robert Benchley, Edward Everett Horton and Helen Broderick, keeps the action and laughs geared to a fast pace.

Paige and Miss Allbritton, widely acclaimed in "Fired Wife," which established them as a foremost screen romantic team were a natural choice to hold up the love interest in this, their second co-starring picture for Universal Studios.

Paige delivers a highly creditable performance as the non-too-scrupulous adventure author who voluntarily turns guinea pig when a socialite anthropologist invades the jungle in search of a man-eating head hunter.

As the anthropologist who brings a "specimen" of primitive civilization to New York to learn what makes him tick—and then falls in love with him—Miss Allbritton is both beautiful and plausible.

Benchley's appearances on the screen as the publisher of Paige's pseudo-adventures, whose wrath is aroused to the boiling point by his writer-client's machinations, keeps the audience on the verge of hysterics.

Made to order is Edward Ever-

ett Horton's role as the bartender of Paige, who connives in putting over the hoax on Miss Allbritton and her rich relatives. Horton easily lives up to his reputation as the master of the "double take."

Hotel Bedlam

One of the liveliest scenes ever filmed occurs when Paige creates pandemonium in a swanky New York hotel, thereby reducing a hotel clerk, played by the inimitable Walter Catlett, to a state of nervous collapse.

Others in the all-star comedy line-up who make the most of every situation include Helen Broderick, Ernest Truex, Nydia Westman, Sylvia Field, Oscar O'Shea, Louis Jean Heydt, Florence Lake and Stephanie Bachelor.

COUNTY'S FARMERS
CAN REDUCE COSTS
WITH 4-WAY JEEPS

Farmers of Hancock County, many of whom have indicated through a national survey their desire to own a "Jeep" after the war, can save approximately \$363,055 for post-war rehabilitation if they take advantage of the scout car's four-sided personality, a recent study reveals.

This figure is based on the difference between the estimated price of a post-war Jeep and the total cost of the four farm units which, according to extensive research experimentation, it can replace.

Recent tests by accredited farm experts, including officials of the Department of Agriculture, reveal that the Jeep has "a great deal of farm blood in its mechanical veins" according to Ward M. Canaday, president of Wills-Overland Motors, who said his company's engineers have proven "on the soil" that the scout car can be used as an effective four-purpose substitute for the horse, the tractor, the independent power unit and the light truck.

In the Department of Agriculture's report on its recent experiments with the vehicle, issued by R. B. Gray, head of the Farm Equipment and Research Division, the Jeep was described as "highly useful in plowing, harrowing and other field work." First findings in the continuing

Jeep studies being made by the agricultural engineering departments of Washington State College and Ohio State University demonstrates that the vehicle, in its present military form, serves many all-round purposes effectively, especially for the small farm.

"UNCERTAIN GLORY" AT A. & G. THEATRE SUNDAY AND MONDAY

Starring Errol Flynn and Paul Lukas

A French criminal, and the Surete Inspector who holds him prisoner, pit their combined wits against their common Nazi enemy in the new Warner Bros. film, "Uncertain Glory" which opens at the A. & G. Theatre Sunday, starring Errol Flynn and Paul Lukas.

As in their recent "Passage To Marseille," the Warner Bros., here again tackle the absorbing theme of man's courage and dignity which is sometimes to be found in most incongruous surroundings, this time in a strange tale about two men, psychologically at pole's ends, who find themselves bound together in an issue far bigger than either of them.

Errol Flynn, in "Uncertain Glory" plays the part of Jean Picard, an unregenerate criminal who almost loses his only chance to redeem himself as a human being. Paul Lukas, Academy Award winner for his outstanding performance in "Watch On The Rhine," plays Pythias to Mr. Flynn's Damon, as Inspector Bunct of the French Surete, the pursuer who at last bags his quarry only to admit to an empty victory.

Others who play top roles in "Uncertain Glory" are Lucile Watson, remembered for her sterling performance as the mother in "Watch On The Rhine," who again plays a mother, though of a different hue. This time Miss Watson is a simple Frenchwoman, devoted to her country and contemptuous of the Nazi conquerors. Warner Bros. also chose this film in which to introduce a new screen personality, lovely young Jean Sullivan, who is seen in the role of Marianne, an innocent little peasant girl who falls in love with

Picard and shows him the way to certain glory.

An excellent supporting cast includes Faye Emerson, last seen as the wife of the submarine commander (Gary Grant) in "Destination Tokyo," Douglas Dumbrille, Dennis Hoey, Sheldon Leonard, Odette Myrtil, Francis Pierlot and Ivan Trisault.

NOTICE OF PUBLIC HEARING

Notice is hereby given pursuant to the Supplemental Housing Authorities Act, as amended, of Mississippi that a Public Hearing will be held before the Board of Supervisors of Hancock County, Mississippi, on the 7th day of August, 1944, at 10:00 o'clock, A. M., at the Courthouse, in the City of Bay St. Louis, County of Hancock, State of Mississippi, at which an opportunity to be heard will be granted to all residents of Hancock County, Mississippi, and to all other interested persons upon the questions:

(a) Whether insanitary or unsafe inhabited dwelling accommodations exist in Hancock County, Mississippi, or there is a shortage of safe or sanitary dwelling accommodations in said County available to persons of low income at rentals they can afford, and

(b) Whether one regional housing authority for the Counties of Covington, Forrest, George, Greene, Hancock, Harrison, Jackson, Jones, Lamar, Pearl River, Perry, Stone and Wayne, Mississippi, (or any two or more of such Counties as are contiguous) would be a more efficient or economical administrative unit than the housing authority for Hancock County, Mississippi, to carry out the purposes of the Housing Authorities Law of Mississippi in said County.

After such hearing said Board of Supervisors will determine whether or not there is a need for one regional housing authority to be created for all of such Counties.

Clerk of the County of Hancock.

Many Hear Mrs. Aiken's Review Tuesday

There was a good number out on Tuesday morning to hear Mrs. Warwick Aiken's review of James Norm Hall's latest book "Lost Island."

It is definitely a war book but a gripping story of an engineer's work on a South Sea Island giving a phase of the war not commonly talked about.

The story opens in San Francisco with three veterans of World War I, who volunteered for the present war but only one is accepted, Dodd the engineer.

There enters into the story the departure of a plane carrying passengers for different points and the uncertainty of their destination; the man who owns the island where Dodd is sent and where the owner has built a home for Jewish refugees; the captain of the small boat who takes Dodd to the South Sea Island; the inhabitants a primitive peace loving people; the priest and his church; all of this must be torn down for the building of a landing field for war planes. Dodd's reaction to this, the people's lack of understanding of the why—they have feared the enemy destroying their homes and property but not the friendly American and they cannot grasp the meaning of this being a war necessity.

All of this makes interesting reading of a different angle of the war. Mrs. Aiken gave it to her listeners in her usual delightful manner and there were many expressions of appreciation of the opportunity of hearing the review.

TRANSCRIPT OF ORDER

THE STATE OF MISSISSIPPI,
HANCOCK COUNTY.

BOARD OF SUPERVISORS.

JULY MEETING, 1944

Be it remembered, That at the above stated term of the Board of Supervisors of said County, an order was made by said Board, which was in the following words and figures, to-wit:

On Motion of Supervisor Necaise, duly seconded by Supervisor Shaw, the following resolution was submitted to the Board of Supervisors of Hancock County, Mississippi, for consideration:

A Resolution adopting House Bill No. 446 of the 1944 Session of the Mississippi Legislature providing for the Imposition and Collection of Privileges exercised outside the Corporate Limits of the Municipalities in Hancock County, Mississippi, and to Repeal All Resolutions in conflict therewith.

Whereas the Legislature of the State of Mississippi at its regular 1944 session thereof enacted privilege tax code known and designated as House Bill No. 446, authorizing and empowering the Board of Supervisors of the County to levy and collect privilege taxes upon certain privileges exercised outside of municipal limits, and providing a schedule of rates therefor, and

WHEREAS, in order to preserve and secure to Hancock County the revenue mentioned in said Act and to effectually levy and impose the respective privilege taxes provided and authorized by said House Bill No. 446 of the Mississippi Legislature of 1944, it is

THEREFORE RESOLVED by the Board of Supervisors of Hancock County, Mississippi, that said House Bill No. 446 of the Mississippi Legislature of 1944 be and the same is hereby adopted as the privilege tax code of said Hancock County, Mississippi; that all privileges set forth in said Act be, and the same are hereby taxed in accordance therewith; that the entire Act is adopted 100 percent of its provisions, to be levied and collected respectively.

BE IT FURTHER RESOLVED, That all resolutions in conflict with said privilege tax code now adopted be, and the same are hereby repealed.

BE IT FURTHER RESOLVED, That this resolution take effect and be put in force immediately.

The above resolution having been put to a vote, the Members of the Board of Supervisors were recorded as having voted as follows:

Those voting yea:

Chas. B. Murphy
John B. Wheat
Johnson Shaw
Lander Necaise
Ed P. Ortle

Those voting nay: None.

I, A. G. Favre, Clerk of the Chancery Court, and ex officio Clerk of the Board of Supervisors in and for the County and State aforesaid, do hereby certify that the above and foregoing transcript is a true and correct copy of an order passed by the said Board of Supervisors, and entered at their July Term, 1944, on the 26th day of July, 1944, as fully and as completely as the same appears of record in my office in Board of Supervisors' Minute Book Q, on page 321-22.

Given under my hand and the seal

of said Board of Supervisors, at my office in Bay St. Louis, Miss., this the 27th day of July, 1944.

(SEAL) A. G. FAVRE, Clerk.

HOW TO CURE THAT STICKY IRON

Don't "cuss" at a sticky sole plate on your electric iron. Here's an easy cure. Heat the iron, then rub the iron over a piece of paper sprinkled with salt. This removes starch or other substances. Then wax the sole plate by rubbing paraffin or beeswax over it. Finally remove the excess wax by running the iron over a clean piece of paper. Burnt starch may be removed with fine steel wool when iron is cool.

- 1 Never iron over buttons, snaps, zippers or hooks and eyes. Such subjects score the sole plate of the iron.
- 2 Use extreme care to avoid dropping your iron. You may break some vital part that is impossible to replace.
- 3 Be sure iron is cool before putting it away. And don't wrap cord around the hot iron.
- 4 Take good care of your iron cord. Don't let it kink. Pull out plug by grasping plug, not the cord.

SOME OTHER HINTS ON IRON CARE

How to reline a lamp shade

Roll your own. Lighting benefits can be noticeably increased by relining existing dark-on-the-inside shades with good white paper. Roll the lamp shade on white paper, and pencil mark to cut. Fit this lining inside the shade and fasten seam with Scotch tape.

OTHER WAYS TO CONSERVE LIGHT

- 1 Clean lamp bulbs and reflectors (unlighted) regularly with a damp cloth.
- 2 Use shades with white linings that reflect light instead of absorbing it.
- 3 Keep all lights properly shaded to avoid glare.
- 4 Arrange furniture so one lamp serves two or more people.
- 5 Always turn off lights in unoccupied rooms.
- 6 Have eyes examined regularly by a competent eye specialist.

From where I sit... by Joe Marsh
Human nature don't change much

"Keeping store," Sam Altopathy says, "can teach a person plenty about human nature."
"Now coffee rationing's lifted, folks ain't a-breakin' their knees tryin' to buy all they can. Knowin' they can have it if they want it, they ain't so all-fired anxious to get it."
Sam's right, as usual. I don't move that second cup half as much as when I couldn't get it. But that's human nature... Like allowing moderate beer in the Army's post exchanges. Instead of leading to more drinkin' the OWI report says it works out just the opposite—often as not the men choose soda-pop or milk with beer right there and no restrictions on it. But if it wasn't there, like in the last War, the story might be altogether different. From where I sit, that's how it is with Americans. Tell 'em they can't have a thing and by golly, they'll find ways to get it. But admit their right to have it, and their own good sense will lead to moderation.
